ESVO MEETING

in cooperation with EESVO

PRAGUE 2018

October 11-14, 2018
Prague, Czech Republic

MESSAGE OF THE CHAIRMAN

Dear Partners,

I am pleased to inform you that Prague and Czech Group of Veterinary Ophthalmology are very honored to host the European Veterinary Ophthalmology Conference 2018 which will be joint event of European Society of Veterinary Ophthalmology and East European Society of Veterinary Ophthalmology.

In **October 11th - 14th 2018**, Prague will be the meeting point for veterinary ophthalmologists wishing to learn the latest high level information.

Main topic of ESVO/EESVO conference is **"Retina and Vitreoretinal Surgery"**.

We will start with a Hereditary Eye Disease session with many challenging slides and with our keynote speakers: **Joe Wolfer** and **Adolfo Guandalini**. Joe Wolfer, DVM, ACVO diplomate, his main professional interest is retinal surgery, and he is one of the few veterinary ophthalmologists in North America who provide surgical care for patients with retinal detachment. Adolfo Guandalini, DVM, PhD, ECVO diplomate, is member of HED committee of the ECVO, involved in the gonioscopy subcommittee for the new system. Joe and Adolfo, will present a scientific view of case selection and vitreoretinal surgery step by step including complications and long term prognosis. The top-class **workshops** are prepared on Sunday. We are happy to confirm vitreoretinal surgery course on Eyesi surgical simulator and are working on corneal surgery course as well.

Please look at our sponsorship proposal and find place of your interest or if you have any ideas beyond you consider important, please don't hesitate and **contact me personally**. It is our highest priority to satisfy not only delegates, but also you as partners and sponsors since you play an important role in veterinary education.

Cordial social program brings an unforgettable time right in the historical part of Prague including a gala dinner close to the Prague castle and Charles Bridge. If you feel tired of science and business, you can enjoy walking through the romantic lanes of the historical center, and try the Czech cuisine and taste the famous Czech beer. Be sure, there are many reasons to come.

Please enjoy the ophthalmology conference, enjoy Prague, and enjoy the hospitality of this country and its friendly people.

See you in Prague

Prague – the capital of the Czech Republic situated on both banks of the Vltava river is a beautiful city with a rich history. Thanks to its location in the centre of Europe, Prague has always been an important crossroad of trade and culture.

Prague has always played an important role in the nation's history as well as in the history of Europe. Since the Middle Ages, Prague has been known as one of the most beautiful cities in the world, and adjectives such as "golden," "hundred-spired" and "the crown of the world" have been attributed to it. In the course of its thousand-year history, Prague has always been the political, cultural, and business centre of the country and belongs to the architecturally unique European towns, attractive for tourists from around the world.

Prague presents a remarkable collection of historical monuments the most prominent of which is Prague Castle, which towers high above the city and houses the gothic St. Vitus's Cathedral.

The castle had been the seat of Czech kings since 1087, until 1918 when it became the seat of presidents of Czechoslovakia, and since 1993 it has been the seat of the president of the Czech Republic.

The architectural styles here in Prague merge in a unique way creating a city with an extraordinary atmosphere.
