

# The wetlab **FIRST STEPS IN VITREORETINAL SURGERY**

## Dear colleagues, dear friends with a major interest in ophthalmology,

We are happy to announce the **PRACTICAL PART** of joint ESVO and EESVO conference which will be held in Prague, October 11-14, 2018. The Conference topic is **“RETINA AND VITREORETINAL SURGERY”** and both the key speakers Joe Wolfer and Adolfo Guandalini are also on Sunday course masters as well.

**Joe Wolfer**, DVM, ACVO diplomate, is one of the few veterinary ophthalmologists in North America who provides surgical care for patients with retinal detachment. His main professional interest is retinal surgery. **Adolfo Guandalini**, DVM, PhD, ECVO diplomate working in Rome, is member of HED committee of the ECVO, involved in the gonioscopy subcommittee for the new system and in the Manual subcommittee, moreover he holds also a Diploma in Vitreoretinal surgery.

Joe and Adolfo are pioneers in posterior segment surgery and they will present the approach to vitreoretinal surgery step by step including complications and long-term prognosis. The wetlab **„FIRST STEPS IN VITREORETINAL SURGERY“** will be divided in **two sections**. The first one will start on **Saturday** late afternoon and will include a brief introduction to show what to do before vitrectomy and two hours of practical work on how to prepare the globe for vitrectomy (globe positioning, trocars and infusion line positioning, etc.). During the **second section on Sunday** all the delegates will run individually on the EyeSi simulator where they will be trained on vitrectomy under supervision of the course masters.

Don't miss the opportunity to attend a top class practical education and register on [www.esvomeeting2018.org](http://www.esvomeeting2018.org), number of seats is limited and will be sold on a first-come, first-served basis.

*Looking forward to seeing you in Prague!*

Best regards,

**Jiri Beranek**,  
Chairperson  
of ESVO/EESVO  
Conference

**Thomas Boillot**,  
ESVO president

**Esmeralda Delgado**,
